

## **Millgate School Damage Policy**

If a student damages property/equipment a call will be made to parents/carers to inform them of the damage and cost attached. The student will be sent home.

If the cost of the damage is too expensive to pay all at once, a payment plan can be arranged with parent/carer.

Ideally the student will return the same day with full payment or the 1st instalment of the payment plan.

Until the first or full payment is made, the student will not be in school during normal school day, but will complete his lessons 3-5pm each day, he will only return to normal timetable when a payment is made.

The student will not be able spend his points accrued until damage has been paid in full.

All of the above is subject to negotiation and will take into consideration domestic and social and emotional well-being of individual children and their families.
