09/06/20 Tuesday	What should I be doing today?	Where will I find what I need to do?	How will my teacher know I've done some great learning?
PARTY RINGS	<p>In your journal, write today's date on the next clean page: Tuesday 9th June 2020</p> <p>Online lesson 11am All parents/carers have had an email with the Zoom meeting ID and</p>	<p>Zoom https://www.zoom.us/signin</p> <p>English – for free online reading https://home.oxfordowl.co.uk/books/free-ebooks/</p>	<p>I will be able to share the learning with you today during our online lesson. password. It is the same for every meeting. You will need your journal and a pen or pencil. All students are expected to attend.

Maths

This week we are looking at measurement. On **Seesaw**, complete the following tasks:

- Which pencil measures up?
- Measure your shoe with pennies.
- Hand measurement.
- Measuring capacity – think boards.

English

On **Seesaw**, look at the travel brochure. This week, you will be making your own for the special place that you have chosen.

This does not have to be completed all in one day.

Start to think about how you are going to set your work out.

Do you need to research extra information?

Do you need to find images?

Start to add information to the template (or create your own on paper if you prefer).

Continue choosing books from **Oxford Owl** to read. Ask for help if you get stuck on a tricky word. Write the title of the book you have read today in your **journal**.

	<p><u>P.E.</u> Research the animals native to your chosen country. Create a sequence of movements linked to the ways in which these animals move. Try and make the movements flow by adding in extra moves if needed. You could even turn them into a dance! Think about how the different parts of the animals move and stretch.
