At Millgate we have termly RAP meetings where your name might be put forward to have a place in the flat.

Once agreed by our behaviour and therapy lead, we will contact parents/carers to see if this is OK.

We'll let you know what to pack for your stay, we will ask if the student is on medication which will be needed to be brought in by the parent/carer.

Residential staff will come out to the students home and go through their care plan, seek the views of home and get it signed.
